**PRESS RELEASE**

**Chemlock identified by INC as one of fastest growing private companies in America for third consecutive year**

CINCINNATI, Aug. 14, 2020 - INC Magazine released its annual list yesterday that identifies the fastest-growing private companies in the United States. In previous years, Microsoft and Intuit, as well as many other well-known names, gained their first national exposure through INC's "Fastest Growing" list.

Not only have the companies on the 2020 INC List been very competitive within their markets, but the list as a whole shows staggering growth compared with prior lists as well. The 2020 Inc. 5000 achieved an incredible three-year average growth of over 500 percent, and a median rate of 165 percent. The Inc. 5000's aggregative revenue was \$209 billion in 2019, accounting for over 1 million jobs over the past three years.

This is Chemlock Nutrition's third year in a row on the list.
